Shooting Match Postponed.  
The big shooting match that was to have been held yesterday afternoon by the Island Gun Club and a number of participants from Bellaire, St. Clairsville and other points, has been postponed until one month later, on account of the handsome gold medal being made by Mr. Jacob Grubb not being ready. It is the intention of the club to make the event a big affair on that date. The main prize will be the Grubb medal, the winner of which will have to win three contests in succession before he can become the final owner. Other prizes will also probably be offered.

On August 25 the German Veterans' Society will hold forth, and the 27th is Labor Day. After that the grounds will not be rented for any purpose until after the annual state fair. The week intervening will be devoted to cleaning and fixing up the grounds for the annual fair.

At the Fourth Street Church.  
At the Fourth Street M. E. church tomorrow the usual services will be held. Rev. B. J. Chew will preach at the morning service. Mr. Chew was raised in Wheeling, and for some years past has been absent from the city taking regular, special and post graduate courses of study in preparation for his life work as a minister of the gospel. He will soon sail for Europe, where he will spend a few months in travel and then enter upon missionary work under Bishop Thoburn in India, where he expects to remain for life. Many of the good people of Wheeling will be glad of this opportunity to hear Mr. Chew preach, and all Christians of his native city will follow him with their best wishes and prayers.

In the evening the pastor, who does not believe in a cold church in hot weather, will preach on the theme: "Regeneration, what it is and what it does."  
The congregations at the mid-week services as well as on the Sabbaths are unusually large.

## FULTON TAKES WATER.

A Connection Laid from the City Main to That Village.

The supply pipe which a force of men has been laying from the city water mains along the Peninsula road to Fulton, for the accommodation of F. Schenck & Sons' pork packing establishment and Hanna & Clemens' paper mill, having been finished, water was turned into it yesterday afternoon at 4 o'clock with some degree of ceremony. The arrival of the water was hailed with pleasure by all the people of the village over the hill, not because they need the water for drinking purposes, but because it is expected a street plug or two will add to the convenience and safety in case of fire.

Mayor A. C. Wagner, of Fulton, turned on the water, and after a thorough test of the connections all present repaired to Johnny Koch's place and took something besides water.  
The laying of this pipeway be looked upon as the first step on the part of the big municipality toward annexing the smaller one.

## Epworth Assembly.

It is a fact not sufficiently known, and one to which we call the attention of all who, in their summer outings, desire to combine intellectual profit, rational enjoyment and healthful recreation, at the minimum of expense, that during August 2-13 the Epworth Assembly (or Chautauqua) will be held within a few miles of Wheeling, and offers unusual attractions. For favorable location, beauty and attractiveness of surroundings, easiness of access and healthiness, Epworth Park (formerly Burr's Mills campground) is unsurpassed. Neither the chilliness of mountain heights, the miasma of the valleys, annoyance from too close proximity to the city, or the depressing influence of the desert will here be experienced; but the exhilarating influence of an elevated, well watered, delightfully located, well shaded and extensive park, on one of the highest summits of "the sun-kissed hills" of Belmont county, Ohio. The services of eminent scientists, lecturers, clergymen, teachers, musicians, vocalists, a United States army major general and a celebrated statesman have been secured, and the exercises throughout the entire ten days will afford unsurpassed opportunities for enjoyment and profit. Special days will be observed as follows: Children's and Epworth day, Saturday, August 6; Rev. Dr. D. H. Moore, editor of *Western Advocate*, speaker; Pioneer's day, Wednesday, August 10; Hon. John A. Bingham, speaker; Veterans' and Grand Army day, Saturday, August 13; Major General O. O. Howard, speaker. On these special days the Baltimore & Ohio railroad will offer very low excursion rates.

No visitors will be admitted to the Park on Sabbath. For "Assembly Paper" containing full detailed programme of exercises, railroad time tables, admission fees, boarding, tents or cottages, etc., address Rev. J. R. Mills, D. D., Barnesville, Ohio, Superintendent of Instruction; or Arthur Gregg, esq., Bethesda, Ohio, superintendent of park.

Would you ride on a railroad that uses no danger signals? That cough is a signal of danger. The safest cure is Dr. Wood's Norway Pine Syrup. Sold by all dealers on a guarantee of satisfaction.  
Daw

Buox kills roaches, bed bugs, etc., the instant they come near it. 25 cents.
